Doors weather seal:

Windlacing was used to seal the front, back, and top (5 Window coupe and sedan) of doors. 3 Window used a rubber seal across the top that inserted into the body panel (most fiberglass bodies cannot use this seal). A rubber seal strip was attached under the upholstery at to bottom of door. Front doors use 1 strip each, rear doors use 1/2 strip.

40-701980	Lower door seal strip	10.00 ea
